Community Heroes

Throughout the season, at every home match, Norwich City will invite a deserving community-minded individual to be the game's 'Community Hero' and place the match ball onto a special plinth prior to kick-off. Whether the individual works in the emergency services or the armed forces, is a carer or charity champion, a super fan or a regional sporting hero, the initiative celebrates their contribution to the local community. If there is anyone you think deserves special recognition for their community efforts or personal achievements, please contact the Club via communityhero@canaries.co.uk.

Wish Days

As part of Norwich City's ongoing commitment to good causes and charity work, the Community Sports Foundation also hosts special Wish Days for children and adults with serious or life-threatening illnesses, disabilities, or those who may have had a traumatic experience.
